Limit each group to 15 people; groups should remain the same through the duration of the camp or program.

Groups must be 14 feet apart from other groups. For indoor activities, each group must be 14 feet apart and have its own delineated space.

Encourage youth over age 2 to wear face coverings as tolerated by the camper.

Require all camp counselors and employees to wear face coverings.

Clean and sanitize play equipment, eating and activity tables, and supplies between each group use, in compliance with CDC guidelines.

Face coverings should not be worn while swimming or playing in the water.

Limit each group to 15 people; groups should remain the same through the duration of the camp or program.

Provide hand sanitizer with at least 60% alcohol when soap and water are not available.

Encourage campers and employees to wash hands often with soap and water for at least 20 seconds, especially after using the bathroom, before eating, and after blowing their nose, coughing or sneezing.

Require camp employees to ensure that campers practice safe sun and safe swimming guidance.

Establish drop-off and pick-up procedures that adhere to physical distancing guidelines and include screening for staff, families and children upon arrival each day.

No visitors (including parents) should be allowed on the camp premises.

Field trips off the camp premises are strongly discouraged.

Deep clean facilities between camp or programming sessions.

This schematic provides an overview of how summer camps should be arranged and operated during the COVID-19 pandemic. Please see the Summer Camps guidance at ReopeningRI.com for more specific details and requirements.
